

Adhesives, Coatings and Consolidants

Velson Horie

www.horie.co.uk

Monday

1000 Introduction: Polymers in Conservation
1100 Coffee
1130 Hazards
1200 Introduction to practicals
1230 Lunch
1330 Practical
1700 Finish

Tuesday

0900 Polymer science
0930 Vinyl Polymers
1030 Coffee
1100 Solvents
1200 Textile adhesive testing, 45 min
1300 Lunch
1400 Practical
1700 Finish

Wednesday

0900 Cross-linking resins
1000 Physical Properties
1030 Coffee
1100 Adhesion
1130 Degradation
1200 Lunch
1300 Practical
1700 Finish

Thursday

0900 Carbohydrate polymers
1000 Natural resins
1030 Coffee
1100 Mechanical testing 55 min
1200 Lunch
1300 Practical
1700 Finish

Friday

0900 Miscellaneous Polymers
0930 Developing a conservation adhesive system 38 min.
1015 Coffee
1045 Practical (writing up for presentation)
1200 Lunch
1300 Experimental report: Group 1 reports Expts B, etc
1400 Choosing a polymer for a problem treatment proposed by a student
1530 Finish
